1. The following is an examiner's statement of reasons for allowance: The claims have been allowed because claim 1 recites a dosing spoon for microtablets. The spoon has a handle with a lower part with several rows of individual recesses where an individual microtablet fits in each individual recess. Each recess are made of cylindrical bore holes which are configured in the lower part in obliquely offset placed rows. There is a borderless side that runs parallel to a longitudinal axis of the spoon handle and which runs in a longitudinal direction to the side of the lower part which shows the border which is opposite the borderless side of the lower part. .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The abstract is the one applied in the corresponding PCT case no EP00/03963.

Ogden is cited showing in figure 8 a type of spoon 13,14 to dispense articles.
